Dear Parent/Carer

Re Online learning journeys / Tapestry

Tapestry Learning Journals offer early years settings a way to record the special moments of their children and to keep parents involved in a partnership as their children blossom and grow. More recently they have been used in conjunction with the EYFS developmental stages to assess more formally how children are progressing. This system is becoming more widespread and schools are now beginning to take part and therefore links are made smoother between the setting and schools with your child's development progress upon transition.

These will be completed with the use of 'tablets' with all information being stored securely and password controlled. The purpose of this style of observing is to make your child's learning journey more interactive between pre-school and the parent, so you will be able to instantly see and comment on what your child has achieved and be able to share with the setting achievements at home.

To enable us to begin this process, we will need your written consent together with your email address so that you are able to access information regarding your child's progress. A consent letter is enclosed for you to complete and return to the setting.

If you have any concerns or questions regarding this information, please do not hesitate to contact me.

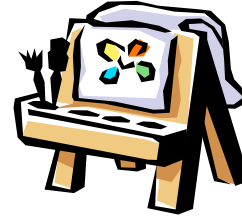

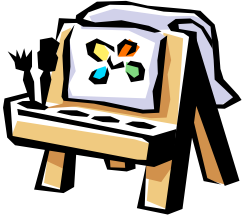

Many thanks

Julie McNally
